Vol. 79 No. 12

DECEMBER '79

EDITORIAL..... by John Kellas

In the last "H & T" newssheet we goofed! We reported that the Wednesday evening PHILATELIC WINDOW hours at the General Mailing Facility in Henrietta was to start 10/28/79 that was wrong. THE STARTING DATE IS - 11/28/79 thru 12/19/79 from 6:00pm-8:00pm. Two philatelic windows will be open to area collectors. This is an experiment and is dependent upon community response. You the collector have wanted extra philatelic window hours, so here's your chance to use those two hours to shop for stamps. If the response is strong the Post Office may continue this experiment or may repeat it again next year. Please take this opportunity and try out the philatelic windows Wednesday evening!! Both the new 1979 U.S. mint stamp set and the new 1979 Stamp & Stories along with other philatelic kits are now available at all Philatelic Sale Units and most local post offices. They make excellent christmas gifts! Guests are always welcomed at any RPA meeting. Prospective members must attend 3 meetings or currently belong to a National Philatelic organization and have attend 1 meeting. Membership dues are \$3.50 per year.

DECEMBER MEETINGS

Dec 13 - "Great Holiday Stamp Auction & Party" There will be a regular stamp auction at this meeting. RPA members will be allowed FIVE (5) LOTS to be put up for auction. Official Lot Forms must be used and will be available at the meeting. The Auction will start at 8:20 pm. The meeting will start at 8:00 pm. Bring a friend along with you and enjoy the start of the Holiday with the RPA!

21¢ postal card
Dec. 5 -U.S., Olympics, discus
thrower, 22¢ aerogram
Dec. 10 -U.S., Olympics, soccer,
15¢ embossed envelope

JONES STAMP PERF. DISCOVERIES

The commemorative for John Paul Jones has been produced with three varieties of perforations, according to the U.S. Postal Service, which attributed it to the use of a wrong size replacement for a worn-out perforating wheel. The varieties were not spotted until after the issuance on Sept. 23 of the Bicentennial stamp, the first to be printed by private firms under a USPS experiment.

About 30 percent have 12 perforations per two centimeters on both their horizontal and vertical edges. About 40 percent have 11 perforations per two centimeters on the horizontal edge and 12 perforations per two centimeters on the vertical side. Another 30 percent have 11 perforations per two centimeters on both the horizontal and vertical edges.

The USPS said a worn-out 12x12 perforating wheel was replaced by a new 11x11 wheel after about 30 percent of the stamps had been perforated on both edges and about 40 percent on the vertical edge. The 11x11 wheel was mistakenly taken for a 12x12 wheel.

The Philatelic Sales Branch will service full-pane orders from collectors wishing particular perforation varieties. Orders should be sent to "John Paul Jones Stamps, Philatelic Sales Branch, Washington, D.C. 20265." There is a minimum of \$5 for orders, and also a 50-cent handling charge.

The Hinges & Tongs is published monthly by the Rochester Philatelic Association, Inc., P.O. Box 3806, Brighton Sta., Rochester, NY 14610. Typed Articles must be submitted by the 25th. Editor: John Kellas III.
